

# AVIATION NEWS

## NOVEMBER 2019

### Student Services

Happy Holidays! We understand that many of you are far from home and may not be able to make it home for the holidays. If you would like a family to spend this Thanksgiving or Christmas with, please let Katy Bowen know and she'll make sure you have a member of your aviation family to visit! She can be reached at 435-865-8731 or [katybowen@suu.edu](mailto:katybowen@suu.edu).

### Event Coordinator

I want to thank all of our employees for your efforts and support I received with our Fall'19 Aviation Career Fair. It was a successful event with 29 occupied tables ranging from hiring companies to aviation resources. I appreciate all our instructors and students who had a chance to attend. I hope you all had a great experience making career connections and had a chance to meet our Guest of Honor Chuck Aaron. Every event is another chance to do better, thank you all for your feedback. I will take your thoughts and make improvements to our future events. And a big thank you to our attending companies, aviation resources, and last but certainly not least, Chuck Aaron for sharing his time with SUU Aviation!

Thank you!  
Erin Paul - Aviation Events Coordinator

### Employee Info

#### Welcome to the team :

Caden Bringhurst-FW  
Alan Arata-Maintenance  
Amelia Willden

#### We're sad to see you go:

SUU Aviation

Join us for the student meeting on December 3rd at 7:30 p.m. in Ed104 on campus!

This month we will be **BOWLING** on December 7th at 3 p.m. at the Cedar Bowling Center! Come on down and have a great time with your peers!

### Academic Advising

I've added walk-in times to my schedule.  
Thursdays from 8 AM - 9:30 AM for 5-10 minute sessions.

### Maintenance Team

Hello all,  
Welcome to the colder weather! Aircraft perform better when it's cool, just don't forget to dress for it! Take care of yourself and our equipment. Fun fact: when checking your magnetos there should be an rpm drop when switching from both to 1 mag.
