Mission Statement

The primary mission of the department of Art and Design is to integrate a university liberal education with professional training in art. We contribute to the liberal education of all students by providing classes in studio areas, art history, art appreciation, and visual design which foster appreciation and critical awareness for the visual arts. To prepare majors for professional careers in art, we offer programs in [art history](#), teacher education and professional studio [disciplines](#) (including graphic design, ceramics and sculpture, illustration, painting, drawing, [and printmaking](#), [and photography](#)), through which we emphasize studio skill, critical thinking, and exposure to multiple aesthetic approaches. We provide cultural enrichment and serve as advocates for the visual arts by presenting faculty and student art

exhibitions and lectures for the University and surrounding communities. We contribute to the scholarship of the discipline through publications, presentations, commissions, and exhibitions of original creative research.

Goal Statement

The department of art and design at Southern Utah University:

1. Enriches cultural awareness to the campus as a whole through the education, exploration and the creation of visual arts.
2. Provides our majors with a strong foundation of skills, techniques, multiple aesthetic approaches, and the ability to think [and write](#) critically thus ensuring that our seniors are prepared to enter the highly competitive areas of [art history](#), professional studio art, ~~educators of art~~ [education](#), and/or graduate programs.
3. Cultivates aesthetic diversity for the campus, the community and the region at large by providing lectures, exhibitions and workshops that relate to teaching, creation, history and marketing of visual art.

Objectives

1. To complement and enhance the undergraduate experience for all students on campus by providing tools, facilities and training in the areas of two and three dimensional visual art.
2. To aim students toward successful careers in [art history](#), [visual art studies](#), art education, professional studio art and/or graduate programs ~~throughout the United States~~.
3. To contribute to and maintain the University's and community's exposure and involvement in the many faceted areas of the visual arts.

Policies

1. The various Art and Design degree programs have been crafted to meet national and state standards of excellence in order to offer students the greatest opportunity for success after graduation. Consult the college advisor and the instructor that defines your discipline area for guidance in meeting your career objectives.
2. A BA or a BFA may be preferable depending on your career goals. In general, the BA is a liberal arts degree focusing on art and design, and its history, in the context of a broad program of general studies. The BFA is a professional practicing artist/designer degree focusing on intensive studio work in art and design. The BFA is a composite degree (major & minor combined - no minor is required with the BFA's).
3. Studio courses are experiential. Consequently, attendance is mandatory. A student who misses more than 1/4 of the class time will receive a grade of "C-" to "F" regardless of other considerations.
4. A grade of "C" or better is required for all courses applying to major or minor requirements.
5. Applying credit as specific studio (XLAB) courses for Advanced Placement or Concurrent Enrollment classes must be determined by scheduling a review of the work with the department secretary. Otherwise these credits are elective credits.
6. TRANSFER STUDENTS: Transfer students in Art & Design are subject to a portfolio review to determine transferability of art courses taken at other schools. The student should arrange this with the Art and Design Department secretary in their first semester at SUU. This could coincide with their Foundation Review if they have already completed 24 credits in art and art history at other institutions
7. Transfer students, both majors and minors, must earn 50% of their art credits from SUU.
8. FOUNDATION REVIEW: Successful Foundation Review constitutes admittance into a degree program in the Art and Design Department. All Art and Design majors are required to schedule a Foundation Review with the department secretary during the semester that the ART and ARTH course credits they have taken, or in which they are currently enrolled, total 24. This review may

require repetition of courses, deny entrance, or grant acceptance into the applicable degree program. The student must bring to the review three examples of actual work from each ART studio class that they have taken, [or, in the case of the Art History degree, examples of their writing about art](#). The student will be notified, in writing, of the action of the review committee.

9. Students may not enroll in ART 4790 Senior Portfolio unless they have been accepted into a BFA program through the Foundation Review.

10. Studio classes may be repeated four times for credit, with permission of the instructor.

11. Art 4990 courses (Senior Seminar) may be taken with permission of the instructor only.

12. Graduation requires a total of 40 upper division credits (courses numbered 3000 or higher). These may include college credit taken outside the Department of Art and Design.

13. BFA PORTFOLIO REVIEW: All BFA students must produce a body of work, of sufficient quality, during or prior to, their senior portfolio class to pass a faculty review of that body of work.
