

## Learning Module Tool

The Learning Modules tool is where learning modules are located. To modify a learning module click the ActionLink and a list of five options will appear these are:

- **Go to Learning Module:** The Go to Learning Module link basically previews the learning module.
- **Edit Description:** The Edit Description link will allow the description of the learning module be modified.
- **Hide Item:** The Hide Item link will hide the learning module from members of the course.
- **View Links to this Item:** The View Links to this Item link is where a map of where the learning module has been added to the course is available to view.
- **Set Release Criteria:** The Set Release Criteria link is where the criteria for who can view the learning module can be set.

In the individual Learning Modules they will appear in the textual link format, and will be viewable.
