

CONCURRENT ENROLLMENT ACADEMIC TRACKS

Español

CONCURRENT ENROLLMENT

Concurrent Enrollment (CE) is a program that allows students to take college classes at a 99% savings while still in high school. At a rate of \$5 per credit, CE is a great option for students to earn affordable and meaningful college credit.

GENERAL EDUCATION CERTIFICATE

The General Education (GE) Certificate verifies that a student has obtained a broad base of knowledge through higher education. The GE Certificate is the foundation of the Associates and Bachelors degrees.

These credits are transferrable across Utah's public colleges and universities. They may also be accepted by numerous institutions nationwide, adding to the versatility of this achievement.

To obtain the General Education Certificate, a student must complete 30 credits with at least one (1) class in each of the nine (9) General Education categories. Associates Degrees require an additional 30 credits past the GE Certificate.

If you don't see the major you are interested in, follow the General Education track and/or contact a CE Advisor.

Bold Courses = highly recommended by department
